

# CORONAVIRUS

AND

# BLACK LUNG

## WHAT'S THE RISK

FOR MORE INFORMATION VISIT THE CDC WEBSITE [HTTPS://WWW.CDC.GOV/CORONAVIRUS/2019-NCOV/INDEX.HTML](https://www.cdc.gov/coronavirus/2019-ncov/index.html)

Coronavirus or COVID-19 is a new respiratory virus that spreads from person to person

There are confirmed cases of COVID-19 in the US

COVID-19 is spread through coughing and sneezing

You may get infected by touching a surface that has the virus on it

Those with pre-existing conditions, such as black lung, are at higher risk

Symptoms include fever, cough, and shortness of breath

Avoid unnecessary travel

Wash your hands frequently

Avoid touching your face with unwashed hands

Stay up to date with all recommended vaccinations
