

CORONAVIRUS

AND

BLACK LUNG

WHAT'S THE RISK

FOR MORE INFORMATION VISIT THE CDC WEBSITE [HTTPS://WWW.CDC.GOV/CORONAVIRUS/2019-NCOV/INDEX.HTML](https://www.cdc.gov/coronavirus/2019-ncov/index.html)

Coronavirus or COVID-19 is a new respiratory virus that spreads from person to person

There are confirmed cases of the new COVID-19 variants in the US

COVID-19 is spread through person to person contact

You may get infected by touching a surface that has the virus on it

Those with pre-existing conditions, such as black lung, are at higher risk

Symptoms include fever, cough, shortness of breath, new loss of smell and taste

Avoid unnecessary travel

Wash your hands frequently

Maintain social distancing in public spaces

Get the COVID-19 vaccine as soon as you are eligible

Get tested immediately if you develop symptoms or have been in close contact with a person known to have COVID-19.
